

A MESSAGE FROM GOCYCLE FOUNDER RICHARD THORPE

Dear Gocycle Community,

Everyone at Gocycle wishes you, your family, colleagues and friends well at this uncertain time.

As a business we are determined to meet this challenge head on and are endeavouring to provide a continued high level of service for both our new and existing customers.

Cycling has a more important role than ever in keeping the world moving and we want to help more people to transition to healthy and sustainable electric two-wheel personal transport.

We are working hard on a number of projects to make our Gocycle range more accessible. These include ensuring we have full global stock of our entire range and reducing the price of our all-rounder GS model.

In addition, we are engaging with our stakeholders to assess how we can help our local community and key NHS workers during this challenging time and hope to have more news on this in the coming days.

The e-bike industry is a force for good in these tough times and Gocycle's greater mission to accelerate the adoption of healthy and sustainable personal urban transport is more relevant than ever.

Warmest Regards,

Richard Thorpe

Gocycle Designer & Founder

Effective immediately, we are taking the following steps to make our Gocycle range more accessible:

- Award-winning fast-folding GX and all-new GXi models now in full stock across all worldwide markets that Gocycle operates within
- Stowable all-rounder GS model will now be priced from £1,999, €2,199, \$2,199 MSRP - a £500 / €600 / \$600 reduction
- All stowable model orders (Gocycle GS or G3Carbon) will come with a free docking station (£298.99 / €349.99 / \$349.99 MSRP) to enable easy storage and transit
- Full stock of the complete Gocycle range is available to ship now from both our UK/EU and North American warehouses
